Proofpoint Essentials Partner Benefits

Enterprise security for SMEs

Proofpoint Essentials provides a complete, cloud-based security and compliance solution. It combines email security, social media protection, email continuity and archiving to protect SMEs from today's advanced threats, powered by our enterprise-class security technology. It stops email threats and provides policy-based outbound protection for files and email leaving the environment. Email continuity ensures that your customers can continue emailing as normal even when their regular service is down, and archiving preserves all emails and attachments for compliance.

Payment flexibility

Proofpoint Essentials Email Security offers month-to-month billing. And there are no long-term contracts. This gives you the flexibility to meet your customers' needs.

Multitenant partner platform

Manage all your customers using one interface on our centralized multitenant platform:

- Easily manage downstream customers
- Self-provision new opportunities
- Upgrade to other Essentials Email Security packages
- Evaluate on 30-day trial

You can even get up to 50 free, not-for-resale licenses. This allows you to experience Essentials Email Security for yourself.

Full channel commitment

Essentials is available 100% through the channel. As your partner, we work closely with you every step of the way—from initial qualification to training to dedicated growth campaigns. We can also help you with upsell opportunities, product education and even closing the deal.

Your brand, our technology

Put your trusted brand on our cloud security technology. We make it easy for you to customize the Essentials Email Security interface. Just upload your company logo and pick a matching color scheme. We supply the branded marketing and sales collateral to get you started.
